

The image displays a large grid structure on the left side of the page. The grid is composed of many small, uniform cells. A prominent vertical bar, colored yellow, runs through the grid from top to bottom, positioned approximately one-third of the way across the width. To the right of the main grid, there is a smaller, rectangular grid structure. This smaller grid is also composed of uniform cells and is positioned horizontally, extending to the right from the main grid. The overall appearance is that of a technical drawing or a data visualization on a grid background.
